

## *Canoe*

Hey there Mr. Thoreau  
Do you mind if I join you there in your boat?  
For a spell with you on your pond I'd like to float  
I wanna wake up  
I wanna feel this life is enough  
For me  
Hey, look there  
Here come some birch bark canoes  
Now they're gone  
Must just have been ghosts of a people I wish I knew

Say there Samuel Clemens  
Can I hitch a ride with you on your river raft  
Life here on shore feels like it's cutting me in half  
I wanna trip  
Down the Mississipp  
And under the moonlight slip away  
Hey wait a minute, wait a minute, look there, here comes ol' Huckleberry Finn  
Say hey Huck, come on now, jump on in

Excuse me, fair Galadriel  
They tell me that you're leaving on that ship across the sea  
Sailing with you to Valinor I'd like to be  
I know I'm a man  
On Middle-earth I'm supposed to make my stand but I grieve  
Hey wait, hey wait look, here comes Elrond and Gandalf too (and the Ringbearers)  
Without you what are we supposed to do  
Now you know, you know as well as I do that the wills of men are weak  
And there's no way we can be entrusted to keep this peace  
All right, I see you're really leaving, won't you please, won't you please hear this final plea  
Won't you please come back to aid us in our final need
