WALKING BOXES PRODUCTIONS

DONOVAN'S BRAIN

Written in 1943 by German-born Curt Siodmak (who also wrote *The Wolf Man*, *Son of Dracula*, and others) *Donovan's Brain* was presented on the radio program *SUSPENSE* in 1944 with Orson Welles giving a brilliant performance as Dr. Patrick Cory. Walking Boxes will pay homage to that great 1944 production by giving the audience the opportunity of being right in the studio as the drama is being created. Production notes and musings about the story's intrigue are on Page 2...

THE MUSICKER

The Musicker's Lantern continues the story begun in *The Musicker's Tribunal* of the hapless Musicker and his struggle to find release from the Contract of Living. Tired of what he sees as the Tribunal's unfair persecution of him, the Musicker attempts a desperate escape into a nether realm, only to find he can't escape himself...or can he? For production notes and other information about the show please turn to Page 3...
